

Finance Update from Father Ronal - Work at St. Gabriel Parish, Beau Sejour, Haiti

The official Haiti currency is gourdes. The current exchange rate is 38 gourdes to \$1 US.

May 2009:

Clinic expenditures to date	\$6,700
Monies needed for completion	\$6,555

The expenditures were for lumber, lathes, plywood, sheet iron, wheelbarrows, metal saws, cement, tying wire, nails, doors, windows ceramics, gravel, water, swiches, labor, etc.

There was zero cost for transportation but there was a cost for food. Father Ronal will feed all those who work for him.

In order to complete the clinic so that is operational for future missionary visits, there will be a need for medical equipment. That information will be forthcoming in the next few months.

Thank you.
